been completed and will be published tomorrow, and that everything possible will be done to accelerate the meeting of the douma, which the voice of the nation and not of a single class can

A member of the cabinet said today: "The result of the attempt of the revolutionaries to overthrow the government by force was never for a moment in doubt, but what has occurred and what is occurring we believe will have a salutary effect on public opinion. Revolution will go on, but it is our purpose to confine it to peaceful channels."

#### Fell Into Witte's Trap.

The Associated Press tonight talked with a prominent revolutionary leader who is a leading spirit in the move-

esived only a temporary check.
"We blundered badly," he said. "We fell into the trap Witte set for us. Em-boldened at seeming paralysis of the government, we proclaimed broadcat our intention of preparing an armed colution for January or February. We virtually threw our cards on the

table then.
"Witte challenged, and we rashly accepted before either organization was perfected or plans matured. It was all too sudden and ill-timed. The workmen were worn out by the recent strikes and the holidays were at hand; and, beside, we obtained neither active support. It is a bad reverse. Our most energies to perform." skillful leaders have been arrested and the supplies of arms which we labor-lously collected have been seized.

"But the situation has also its bright side, for it is the first time the proletariat has fought in the open against the bayonets and cannon of the gov ernment. That is a great victory. government must not flatter itself that has dealt a decisive blow. We have our lives to the work are fighting not only for the emancipation of Russia, but for the social revolution of the world.'

#### BOTH FOOD AND MEDICINE.

We like best to call Scott's Emulsion a food-medicine. It is a term that aptly describes the character and action of our Emulsion. More than a medicine-more than a food, yet combining the vital principles of both. It is for this reason that Scott's Emulsion has a distinct and special value in all wasting diseases. There is nothing better to remedy the troubles of imperfect growth and delicate health in children. The action of Scott's Emulsion is just as effective in treating westness and wasting in adults.
